WHO'S WHO AROUND NAVY REGION SOUTHWEST

MEET AMANDA KEESEE, Naval Support Activity Monterey (NSAM), Fleet & Family Support Center (FFSC), Gold Star Point of Contact and Educational Services Facilitator.

Over the past year, I have assisted the Navy Gold Star program by planning and coordinating the first two Bells Across America ceremonies for NSA Monterey. Additionally, for Gold Star Awareness

month in May, I created a Gold Star mural for our Fallen. Also, I brought the Memorial Gold Star Tree Campaign to NSA Monterey this year, which starts a new tradition in remembering and honoring our Fallen's sacrifice and service.

NSAM FFSC assists Gold Star families by connecting them to the Navy Family in the Monterey Bay Area. We assist Gold Star families with access to the base. We also help coordinate resources with the Surviving Outreach Service coordinator at Army Community Services on Presidio for our Army Gold Star Surviving families.

I enjoy helping Navy families, but I have found a real purpose in helping and connecting our honored Gold Star families with the active duty Service members in the Monterey Bay area. I believe that once you are a part of the military family, then you will always be a part of our family. Our Gold Star families are always invited to any events on our base. We help them get access to base events whenever they are in town! You can find all current events by checking out

<https://monterey.navylifesw.com/>. When you come to Monterey, don't hesitate to stop at the FFSC for information on the area, tips on where to go and what to do, and any other questions you may have. We are here to serve!

MEET CURTIS MCLAURIN, Naval Air Facility El Centro, Fleet & Family Support Center (FFSC), Gold Star Point of Contact and Work and Family Life Specialist.

I have been here at Naval Air Facility El Centro for roughly two years. Being the sole point of contact, I touch an array of programs – general information and referral, resume writing, relocation, financial management and transition assistance. I transferred from San Diego, where I was afforded the opportunity to work on phenomenal teams such as Deployment/Relocation and Career Services TAMP/FERP where I trained in many facets that prepared me for my current job.

Here in El Centro, I took on an additional role as Gold Star Program POC. I have been honored and humbled to host two Bells Across America ceremonies. Recently, I had the privilege of assisting a Gold Star Family with out-of-state base access, as well as with lodging and other base

privileges for a major upcoming event. In all my years of serving in the military and working with military families, I must say being part of the Gold Star Program team and assisting the Gold Star Families, is immeasurable.

NOTES: Curtis is retired military with 20 years of service. He had the opportunity to qualify for and run in the Boston Marathon this year.

Navy Region Southwest has a team of three Gold Star Coordinators positioned at Naval Base San Diego, Naval Base Coronado and Naval Base Ventura County Fleet & Family Support Centers. For more information on locations for support, contact Sabrina Griffin, NRSW Gold Star Coordinator at 619-532-2886.

Gold Star Nuggets

Common rule of thumb for your total net income is 70/20/10. Approximately 70% of your net income should go toward living expenses. No more than 20% of your net income should be going toward your debts. Recommend at least 10% of your monthly income should be designated for savings.

Percentages will vary in different households based on different needs, but these guidelines still prove very effective in helping keeping debt to a reasonable level and building savings. For more information, contact your Navy Gold Star Coordinator or your Financial Security for Survivors reference sheet.

PERSONAL FINANCIAL MANAGEMENT

ASK THE COORDINATOR - Q&A

Navigating Your Final Move

Q: I am interested in understanding my eligibility for support to assist in relocation costs. I am ready to relocate to New Hampshire and start a new beginning with my kids. Is this something my Navy Gold Star Coordinator can assist me with?

A: Of course, your Navy Gold Star Coordinator would be a first point of contact to assist you in navigating your options and ensuring the move is successful and as stress free as possible. Below is just one way we can help.

Ready to Move:

Navigating Your 'Final Move'

Did you know that most separating or retiring service members move at government expense from their last duty station to the place they choose to live after their military service? This benefit is called the "final move," and it is also available to you as a Survivor.

WHEN should I arrange my final move?

Within One Year

If you are living in government housing, you (and your child(ren)) may stay there for up to one year after your service member's death. Any time during the year, you may ask to be moved to your next place of residence at government expense.

Within Three Years

If you are living in private housing (rented or owned), you may relocate at government expense one time within three years.

HOW do I arrange my final move?

- 1 Review the current moving guidance in the U.S. Transportation Command pamphlet, It's Your Move (http://www.ustranscom.mil/dtr/part-iv/dtr_part_iv_app_k_1.pdf).
- 2 Request an account at the Electronic Transportation Acquisition portal (ETA) at www.move.mil.
- 3 Access the applications within ETA you need. These may include the Defense Personal Property System (DPS), Global Freight Management (GFM), Integrated Booking System (IBS), Cargo and Billing System (CAB) and others.
- 4 If you are planning a personally procured move (PPM), follow instructions at <https://www.dfas.mil/militarymembers/travelpay/armypcs/ditvppmmoves.html>.

Did You Know...?

If you are planning to purchase your next home, especially if you are a first-time buyer, don't forget your VA home loan benefit. A VA guaranty helps protect lenders from loss if the borrower fails to repay the loan. Eligible Surviving spouses who have not remarried can use the VA home loan guaranty to buy a home, build a home or refinance an existing loan.
